SUMMARY

Seeking to challenge the status quo by building next generation products, I will do this by leveraging my technical expertise in microservices architecture, design thinking, and application container deployment. I am a highly skilled software engineer at JPMorgan Chase & Co. where I lead the development of new applications focused on managing the security and permissions of firewall access built on Java Spring Boot and React.

EDUCATION

Westerns Governors University

Aug 2023

Bachelor of Science in Computer Science

The University of Texas at Austin

June 2021

Certificate in MERN Stack Web Development (GPA 4.0)

- A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handlebars.js & ReactJS

PROFESSIONAL EXPERIENCE

Software Engineer

Oct 2021 - Dec 2023

JPMorgan Chase & Co.; Plano, TX

- Steered a cross-functional team through 8 successful production releases, resulting in a 25% drop in post-release defects and achieving a perfect 100% client satisfaction rating.
- Employed Java Spring Boot and Golang to develop command-line applications, streamlining security processes through automation.
- Managed Kubernetes-based applications within GKP's internal cloud platforms, overseeing the operation of Java microservices.
- Revitalized our application architecture, ensuring clean and efficient code with comprehensive test coverage using JMeter.
- Demonstrated proficiency in AGILE methodologies, ensuring timely delivery of stories to facilitate seamless production deployments.

Skills Used: Java, Kubernetes, Spring Boot, Golang, JMeter, JUnit, OPA Rego, React, Maven, MySQL

Front End Developer

May 2019 - Oct 2021

LuckyCat; Austin, TX

- Developed the landing page to market the brand and to showcase the steps in purchasing cryptocurrency.
- Designed the UX for a decentralized social network platform so that users can trade tokens.

Skills Used: React.js, Javascript, Bootstrap

SKILLS

Programming Languages: Javascript, Java, Python, C#

Frameworks: Spring Boot, React.js, HTML5, CSS, Node.js, Express.js, Git, Socket.io, MySQL, MongoDB, GraphQL

Skills: Data Structures and Algorithms, Design Patterns, Test Automation

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Cisco CCNA and CCENT

LEADERSHIP & COMMUNITY INVOLVEMENT

Youth Group Leader

Sep 2016 - Present

Vietnamese Eucharistic Youth Group Society (TNTT); Austin, TX

- Coordinated activities for adolescent church retreats and educated the youth about Vietnamese traditions.
- Facilitated community service opportunities for the youth that encouraged spiritual and personal growth.
